## A-2 Complete Folding Anchor System

The 3-1/3 lbs. 4-fluke folding anchor will hold in mud, sand, gravel and rock. Designed for boats, sailboats, personal watercraft, inflatable boats, canoes and float tubes, the anchor is coated to protect finishes. The durable nylon storage case is padded for added protection and to dampen noise while the anchor is stowed. Fits under most boat seats, in PWC storage compartments, or in PWC storage canisters! The 25' long marine-grade rope, with an in-line buoy, is spliced to the anchor and a heavy-duty stainless steel snap hook.

## LEWMAR® Delta Fast-Set Anchor

Self-launching and fast-setting for quick anchoring without dragging. Designed to snugly fit a bow roller, the Delta can be dropped and retrieved without handling the anchor itself. The Delta's unique ballasting will right itself even if deployed upside down. Carefully engineered weight distribution and apex ballasting allows the Delta to start setting right when it hits bottom. Accommodates all chain and rope end fittings. A convenient trip line eye aids in retrieval when anchor is snagged.
