

**Snug Harbor Universal Fit Trailerable Boat Covers**

Snug Harbor Covers Silver Series are designed to keep wind out from under the cover. Tie-down loops above the gunwale and an adjustable elastic cord that runs the full length of the hem. These two features combine to keep the cover down while driving and allow the elastic hem to be pulled tight at the bow to provide a snug fit against tapered hulls.

- 150 denier polyester
- 100% polyester construction that is strong, colorfast and waterproof
- 1/2" poly webbing sewn across each seam provides added strength to withstand wind velocity and provide a stronger attachment point for gunwale tie-down loops
- Each cover comes in a zip-up bag with clear see-thru front, bottom and back

ORDER NO.	MAX. BEAM	DESCRIPTION	PRICE

**Road Ready™ Trailing Covers**

Road Ready™ is our economically priced semi-custom cover, constructed of cotton canvas for a perfect combination of breathability, water resistance and durability. It's an excellent cover for mooring and storage, and when tied down properly, it's ready for towing at highway speeds. Road Ready™ covers feature 10 oz. 100% cotton canvas that is mineral dyed to provide protection against damaging UV rays and mildew. For lasting protecting the Road Ready™ covers have sewn-in reinforcements and poly-web tie-down loops. Pearl gray color.
